"Custom Thermocouples and RTD's"

We can supply sensors in various combinations. Some include Explosion Proof, Head mounted with terminal block, spring loaded, plug and jack style, compression fitting, bearing style, weld pad skin type, pipe protected. If you have a sample or drawing there is a good chance we can make it.

Our sensors are used in many market segments to include: Oil & Gas, Power Generation, Aerospace, Defense, Water, Plastic Injection, Food and Beverage, Semiconductor, Mining, Kilns, Furnace, HVAC, Chemical, Exhaust Gas and Cement Industry

Thermocouple & RTD Accessories

Connection Heads, Explosion Proof, Aluminum, Cast Iron, FDA Poly

Fittings: Hex Bushings, Bayonet, Nipple Union Nipple, Fixed, Spring Loaded

Compression Fittings: Bore through style with optional weep hole

Thermocouple Wire: PVC, Fiberglass Shielded for all calibrations

Transmitters: Head Mount, Field Mount, Explosion Proof, Din Rail

Plug & Jacks : Mini Style & Standard Style

Terminal Blocks: Soap Stone, Barrier Strip

Floor Flanges

Weld Pads for Skin Thermocouples

Head Shields for various pipe O.D.

ThermoCouple Innovations, Inc

TCI, Inc. has over 80 years combined experience in the design and manufacturing of temperature sensors such as Thermocouples, RTD's and Thermowells and related pressure products. We are headquartered in Corona, California. Our goal is to be your source with the best product and service

We also offer a full line of Pressure Gauges and Accessories
